ADBOOK

WINTER 2017

August 28, 2016
6Beds 2-Year Anniversary Conference
Daly City, CA

Happy New Year!

As we begin 2017 we'd like to present all our 6Beds members with a gift!

This is 6Beds' first electronic *Ad Book*! It will hopefully become a great resource for all the many needs that RCFE and ARF facility operators use every day. Please feel free to carefully look at each of the ads. They have been designed and submitted with 6Beds members in mind and provide goods and services at special rates and discounts to everyone in the 6-bed community.

It's an important step in our growth as an industry to join together. That way, we increase our buying power and make our businesses stronger and more profitable.

Let us know what you think. We love to hear from our members and carefully consider all of your comments and suggestions.

Have a great 2017!

6Beds Board of Directors

1

SafeWander™ Bed Exit Alarm Sensor

No more alarm noise! SafeWander Bed Exit Alarm Sensor is a discreet sensor that securely attaches to your resident's clothing and sends a beeping alert to the caregiver's smartphone, when the resident starts to get up. Use one phone or tablet to monitor multiple residents who may wander or fall.

Get your SafeWander at www.SafeWander.com using a special 20% off coupon code: 6BEDS

2

Sierra Professional

The experts at Sierra Insurance know where your highest risks are and provide knowledgeable assistance for all your insurance needs, from worker's comp to liability. Proudly serving the 6-bed community, they also specialize in 1099 employees and their special needs.

www.SierraProfessional.com

3

Gould & Hahn

Since 1995, the distinguished legal experts at Gould & Hahn have been offering personal, professional and successful legal counsel to the 6-bed community. Call today to ask the experts for help in one of more than 15 different disciplines that will help your business be safer and more prosperous.

www.GouldHahn.com

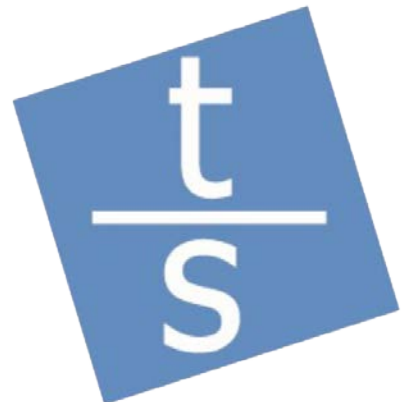

The Law Offices of
Gould & Hahn

4

TS Carpet and Design Center

6Beds members know how important safe flooring is throughout their facility. Let the experts at TS Carpet and Design Center help you through the process of choosing and installing flooring that is not only beautiful but eminently practical as well. Specializing in 'White Glove Treatment', TS clients are their number-one priority!

www.TSCarpet.com

5

Perlas Insurance Services

Specializing in lowering the costs of worker's comp and offering big rate-discounts to all 6Beds members, Perlas Insurance offers exclusive programs that help save you money. Don't let lapses stop you from making the right call: Perlas Insurance!

www.PerlasInsurance.com

6

Santa Margarita Ford

Santa Margarita Ford solves the problems that many RCFE and ARF owners have with transportation. 6Beds members can call the experts at Santa Margarita Ford and solve this problem with custom-designed vans, cars and trucks. Call and tell them you're a 6Beds member for special packages and discounts!

www.SantaMargaritaFord.com

7

Mountain View Services, Inc.

Mountain View Services offers 6Beds members great service and discount savings on wide variety of nutritional products, incontinent supplies, medical and surgical supplies; along with a wide variety of personal hygiene, janitorial and laundry supplies. In addition, they provide small and large appliances, medical equipment and a wide variety of durable medical supplies. Nearby standing ready to serve the 6-bed community!

www.MtViewServices.com

8

Meals for All

Meals for All reminds 6Bed members that sometimes bad things can unexpectedly happen. If there is a disaster you need to provide your residents comfort and that can be a good meal. But services might be damaged or unavailable. Meals for All can supply your facility with easy-to-prepare, non-perishable food that can nourish and calm the people who need us more than ever in a crisis. See how easy and affordable this great service is!

www.MealsForAll.com

**A-Med.
Realty Group**

A-Med Realty Group

9

A-Med Realty is an industry leader in medical real estate, and in niche markets such as the ARF and RCFE industry. A-Med Realty are pioneers in consumer services with impressive dedication to total customer satisfaction. They specialize in helping 6Beds members buy, sell, or lease a facility or practice.

www.AmedRealty.com

10

Acology, Inc.

Acology offers its signature product, the MedTainer™, to 6Beds members and residents! It is simply the best medication container on the market today with the ability to store and GRIND meds of all shapes and sizes and personalized with each resident's full name. Customized care at its best and huge discounts to 6Beds members!

www.AcologyInc.com

Summa Insurance

11

For the past 25 years Summa Insurance has provided invaluable assistance to the RCFE and ARF community by offering industry-wide expertise in all facets of the insurance process. Offering only A+ carriers, Summa Insurance's great staff of multi-lingual underwriters can save 6Bed members time, effort and money on a wide-array of insurance products and services.

Bed Exit Alarm Sensor

monitors those who may wander or fall

Superior to any other devices
Best solution for 6-Beds

Wearable Sensor

Securely attaches to clothing, sends an alert to your phone or tablet when the person starts to get up

Gateway

Plugged in an outlet near the bed, relays the alert to your phone or tablet, no matter how far away you are

App

Beeps on your phone or tablet when the alert is sent from the sensor

Unique Features & Benefits That Matters to 6-Beds

Monitor from any room

Monitor many residents using one phone

Securely attaches to any clothing

No alarm noise

No charging, Long-life battery

Sensor is waterproof

Accurate history for better care

Get yours at www.safewander.com
Use your 20% off code: **6BEDS**
Free download SafeWander app to your Apple or Android phone

See how SafeWander™ Works: <https://youtu.be/xhRBQKn1Xr8>

“ SafeWander is superior to any bed-exit alarm we have ever used in our residential care homes.

The small, discreet, waterproof *SafeWander* sensor is more reliable and fast, sending an alarm as soon as the resident begins to sit up. The alarm goes to the caregiver’s smartphone. The resident is not even aware this happens, and the caregivers like the fact they can monitor multiple residents with the one smartphone. SafeWander also has a permanent record of the precise times a resident tries to get up, providing valuable data to help a physician make decisions about medication changes. ”

– **Dr. Ron Simpson**, President of Granny’s Place

WHO WE ARE AND HOW WE CAN HELP YOU

We simplify insurance, so you have peace of mind knowing your business and residents are protected affordably.

2 With 11 years of experience in this industry, we know how to build a better policy. We have taken the time to understand the needs of long-term care providers, which allows us to go above and beyond what the competition is currently offering.

Sierra Professional Insurance Services partners only with the most **renowned insurance carriers** in the industry. Because of our high volume of policies, our customers are getting lower rates on Liability, Property, and Worker's Comp policies in 2017.

We never waste your time. We minimize paperwork and are always responsive to our clients' questions and concerns. Our goal is to protect your hard work and build success through education to reduce your costs.

"I value working with Sierra Professional Insurance because they advocate for the owners of Residential Care Homes For the Elderly. They are invested in not only insuring my business, but providing services that help me to operate a successful residential care business as a whole. Their training classes give me ideas to improve my program and reduce my risk. They are responsive, helpful and professional. What I really like is that I have met them in person so when I call them they know who I am. We work in an industry where you must know and trust your insurance company. I highly recommend Sierra Professional Insurance."
Trish Beach, Beach Homes

SIERRA PROFESSIONAL INSURANCE SERVICES

SIERRA PROFESSIONAL INSURANCE SERVICES

INSURANCE

for RCFEs and ARFs

INSURANCE: A BLESSING FOR YOUR BUSINESS

“Sierra Professional Insurance expanded our coverage to specifically cover our 1099 employees. They offer auto coverage for our staff's use of their personal cars. All this for less than our previous carrier.”

Mary Myers,
No. Mollison Ave. Family Home

Your agent needs to take the time to simplify and advise you.

- The insurance companies know where your highest risks are... shouldn't you?
- We share this information with our clients, does your current agent?
- Is your agent knowledgeable enough to negotiate on your behalf?
- Is your agent knowledgeable enough to offer CEUs to help your business?
- Does your agent have a letter to send to families to explain why you need to increase rent?

MOST PEOPLE DON'T KNOW

- Homeowners policies don't cover properties with a residential care business.
- Many insurance companies do not want to provide \$1m/\$3m of coverage for the highest liability risk -- Elder Abuse. They want to push that liability to you.
- Family members are not excluded from Workers Comp compliance unless they are owners; effective 1/1/17 Comp exempted owners must file a CA Labor form.
- There is a Worker's Comp policy available with only a \$200 down payment
- You can add simple procedures to admission to avoid lawsuits.
- Your personal insurance policies can be "packaged" with your liability policies.
- You have a professional liability risk when transporting residents, not covered by personal auto insurance. This can be covered by an inexpensive addition to your Liability policy to protect your residents and your business.
- Most liability policy coverages do not include 1099 caregivers, ours does.

Liability - Worker's Comp - RCFE Commercial Property - Commercial Auto

Personal package policies for residential care owners

For multiple wheelchair needs + space for caregivers and flexibility for all.

30031 Santa Margarita Parkway
 Rancho Santa Margarita, California 92688

6

We have been involved with the adaptation of motor vehicles to accommodate persons with developmental and physical challenges since 1976—that's 40 years covering 5 decades has seen many changes. During the mid 70's and early 80's only a single track running the length of a van would accommodate 6 wheelchairs with only a simple hook to secure the chair from rolling around inside. With the advent of the Americans with Disabilities Act (ADA), things began to evolve for the safety and protection of the consumer being transported. Many laws (FMVSS) and standards were put in place by federal and state agencies such as Medi-Cal.

Over this same time frame, Ford Motor Company has been working closely with dealers and modifiers to ensure their modifications done to all Ford's Vehicles are held to the highest standards for safety. The certification process is time consuming and costly. Each stage of the modification is inspected by Ford Technicians and pass prior to certification as correct placement of items in the modification. As rigorous as this process is, we feel the biggest benefit to you, as the consumer and to us, Santa Margarita Ford as the selling dealer is the requirement to have sufficient Liability Insurance. In this case, \$5 Million is the minimum coverage. That is 5X's the coverage other modifiers carry. Should any of these non-certified modifiers exhaust their coverage, it then falls on you, the service provider and us the selling dealer. We won't put our customers or our dealership in that precarious position.

Ask your dealer/modifier if they are QVM Certified—if not, why not? We at Santa Margarita Ford have worked with all of our modifiers to create the best and safest possible line of vehicles. You will note a common thread throughout our offerings. 95% of our sales are of vehicles designed to carry 9 occupants or less (including the driver). This configuration allows for anyone with a Class C California Driver's License to drive the vehicle without the need for a commercial license or periodic CHP vehicle inspections.

Our line accommodates 1-6 wheelchair positions and and/or 3-9 ambulatory positions. All this for no money out of pocket and payments between \$575 and \$1075 per month.

Information About the Medtainer and the Del-Simpson Standardization Method

The Medtainer™ is a patented plastic container made from FDA approved #5 polypropylene. The feature that sets the Medtainer apart from other pharmaceutical containers is that each one has a built-in grinder. If a resident is having trouble swallowing whole medications the Medtainer can grind pills to powder in less than 30 seconds. It's estimated that 20 to 30 percent of residents in full-time care facilities have trouble swallowing at the time of their arrival. Even more will develop 'dysphasia'. (difficulty swallowing)

More important, a method of standardizing the way medications are sorted, stored and dispensed can assure both the resident and the care-giver that physician-ordered medications are safely given when they are needed. The DelSimpson Method solves many of the problems associated with medication compliance with an easy, color-coded and personalized way of organizing and distributing medications.

Based on a primary color matrix, each facility can now order Medtainers that cover the needs of each resident. As seen on the opposite side, a colored Medtainer is designated for a time-of-day, narcotic, PRN and even 'In Between' meds. Care-givers, even if they are new to the facility, follow a simple chart that has the resident's name, the time of day a medication is given and a way of storing medications in a small 12'x9' space in a cabinet or drawer. As a special consideration, the logo central company, the name of the facility and the resident's name is embossed on each Medtainer, reducing the risk of medication errors. If a resident transcends or no longer resides in the facility a very easy reorder tab is available on the Acology Inc. and the 6Beds website. Facility operators can proudly show this method to prospective residents and their families and replace the outdated method they currently employ.

The cost of each personalized Medtainer is only \$5.00. A portion of each sale goes back to 6Beds Inc!

Order today! Go to www.Acologyinc.com and click on the 6Beds link!

Serving the Insurance Needs of **Health Care Facilities** Since 1992
